Children should be able to recall the full set of multiplication calculations (above) by the end of Year 4. (The most important 36 facts are highlighted above). To ensure that children continue to be fluent it is essential that facts are rehearsed and practised regularly throughout Year 2. **By the end of Year 2 children should know their 2, 5- and 10-times tables.**

We will work through with a focussed times table every month.

Autumn Term	January	February	March
X10	X10, X2	X10, X2	X10, X2, X 5

Our weekly routine:

Children will have opportunities across the week to rehearse the facts.

What can you do at home to help?

Please encourage your child to practise at home. Little and often is the best way! Online they can use [Hit the Button - Quick fire maths practise for 6-11 year olds \(topmarks.co.uk\)](https://www.topmarks.co.uk/Hit-the-Button)

Games:

Playing cards- pull out a card and multiply it by your given times table. Or pull out two and multiply them together!

Times tables bingo! Make a board.

Call some facts and try for a full house!
